

QUARTET RG

RECESSED FULLY ADJUSTABLE DOWNLIGHTS

**Xicato**
Making sense with LEDs

XICATO SPOT MODULE High output LED module with internal mixing chamber and corrected cold phosphor technology. Available in various lumen outputs, colour temperatures and Ra80 and Ra95.

HEAT SINK Anodised extruded aluminium heat management system ensuring LED lifetime guarantee of 50,000 hours.

OPTICAL CONTROL Metalised spun aluminium reflectors with a range of beam angles.

DRIVER SYSTEM Range of 350mA to 700mA driver systems, which have Dali, Triac and 1-10V dimming options.

BODY Die cast aluminium rotational gimbal with 0° to 40° directional tilting angle and side arm fixing clips.

Quartet Round Gimbal RG150

Model: Quartet RG150
 Beam Angle: 36° 50°
 Body Colour: Black (B) White (W) Grey (G)
 Control Gear: Standard (S) Dali (D) Triac (T) 1-10V (1-10)
 3hr Emergency: Available (E)

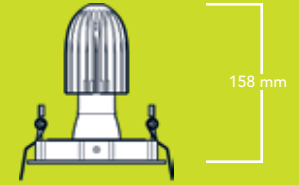

Xicato LED Module			
Lumens	400	700	1000
Colour Temperature		2700K	2700K
	3000K	3000K	3000K
		4000K	4000K

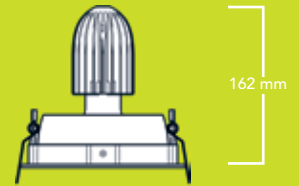

Quartet Round Gimbal RG170

Model: Quartet RG170
 Beam Angle: 20° 40° 60°
 Body Colour: Black (B) White (W) Grey (G)
 Control Gear: Standard (S) Dali (D) Triac (T) 1-10V (1-10)
 3hr Emergency: Available (E)

Xicato LED Module
